

ANASTOMOSIS

TIMELINE

Phase 1: Registrations & Onboarding

Till 7th December 2025

Students from Classes 8–10 and 11–12 can register for Anastomosis.

All participants receive onboarding details once registered.

Phase 2: Learning Seminars, Study Material & Online Quiz

1. Online Seminars

Interactive seminar sessions conducted by mentors from IIT Delhi & AIIMS Delhi to introduce students to:

- Innovation & problem-solving
- Basics of engineering and medical technology
- Introduction to entrepreneurship

2. Study Material

All students will receive structured pre-quiz learning material covering the required concepts for preparation.

3. Online Quiz (Mid December 2025)

Students will appear for an online assessment based on:

- Math & Science fundamentals
- Entrepreneurship & Finance basics
- Mental aptitude & analytical reasoning

Top-performing students from the quiz will qualify for the final bootcamp.

Phase 3: Offline Bootcamp (Mid January 2026)

Top students will be invited to IIT Delhi & AIIMS Delhi for a two-day immersive experience featuring:

- Engineering, robotics, AI & med-tech labs
- Hands-on experiments & prototyping challenges
- Talks by innovators, founders & researchers
- Healthcare, life-sciences & technology modules
- A curated arts & humanities segment (as part of interdisciplinary learning)

Phase 4: Awards, Mentorship & Certification

Outstanding participants will receive certificates and continued mentorship opportunities with the eDC IIT Delhi & eDC AIIMS teams
